PLEASE BRING THIS CATALOGUE WITH YOU TO THE SALE

Announcement

It is with considerable regret that I announce the complete dispersion of my herd of Shorthorn Cattle, which has been gathered together since 1918 from all parts of this country and Scotland. My feelings of regret are increased all the more on account of the fact that the herd is now in its most prosperous condition. Every cow is a proven breeder with either a calf at foot or has had a bull calf that was sold last year as a steer. The health and general condition of the herd was never better and as these dispersal plans have just been made, no cattle have been fitted for show or sale and are ready to carry on for the buyer.

Naturally I believe I have as well bred a herd as can be found any place. The pedigrees speak for themselves and will prove what I believe. As individuals, the cattle show their breeding and the calves show nurse cows are useless with such dams.

From the produce of Naemoor Bridegroom, I believe anyone can see that he has done wonderful good for the Shorthorns in this country. A look at this years calves and especially at his two-year-old son, "Naemoor's Minstrel," is proof of this value. Will Johnson of the Shorthorn World and several other excellent judges have recently told me that they know of no bull in this country today that can beat "Minstrel" in class and he has not been fitted in any way. As much can be said for many heifers in the sale.

Many Shorthorn friends will doubtless like to know the reason for this dispersion and I am glad to tell them that it is not because I do not like Shorthorn cattle but because I am compelled to do so on account of last year's developments in the oil producing business. Within the past ten months, my farm has become almost completely surrounded by oil wells offsetting my boundry lines and as I can not afford to sit idly by and let neighboring oil companies pull the oil from my farm, and knowing that the oil producing business and farming will not mix, I am compelled to give up farming. Sooner or later the farm will be drilled up with many wells and the question now is whether I will drill on my own account or accept one of the many good offers I have had for the farm as an oil producing prospect.

Incidentally I would call your attention to the fact that early last month the herd passed another clean tuberculin test under the supervision of the United States Bureau of Agriculture and as it has been for many years, is an Accredited Herd.

Believing that in this dispersion—and it will be just what the word implies with no by-bids—any beginner, showman, or regular breeder will be able to find many bargains and as past sales have disclosed only satisfied buyers at my farm, I trust we may have the pleasure of your presence here on Thursday, May 27th, 1926—my last sale date.

Yours very respectfully,

ALEX N. WARNER, Proprietor.

Terms - Conditions - Location

The animals herein listed, we believe to be the equal in health, merit and breeding of any similar sized lot ever offered in this country.

All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age, or be allowed to run with herd when under twenty months of age.

Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders. Calves, however, sold by side of and with dam as one lot are not guaranteed.

Should any fail to come up to this guarantee, they must be returned to us within three months in as good condition as when sold, and purchase price will be refunded in full.

Terms are Cash. Short term credit with interest at 6 per cent. will be allowed, but parties desiring to give note should bring late bank reference.

Transfer and Certified Pedigrees will be furnished with each lot sold.

All animals were tuberculin tested in April, 1926 under Federal Supervision and are sold under a 60 day retest guarantee, provided the cattle are segregated during this period. Accredited herds excepted from last provision mentioned.

All stock will be loaded out free of charge but will be at buyers risk when bid off. However, they will be given same care and attention as though belonging to us until they are shipped.

Persons unable to attend sale, may mail bids to Auctioneers, Carey Jones and B. B. Allen, to Will Johnson of Shorthorn World or P. G. Ross of the Breeders Gazette. Such bids, if sent in our care will be handled in strict confidence.

Lancona Farms are located two miles north of the City of Titusville, Penn'a., which is on the Allegheny Division of the Penna. R. R.—150 miles north of Pittsburgh and 120 miles south of Buffalo. Pullman accomodations can be made direct from these cities or from New York City, Washington, D. C., and Philadelphia. Persons from the west can make good connections by taking New York Central Train No. 64, leaving Chicago at 5 P. M., and changing at Erie, Pa. For west and east, train leaves Titusville at 5:40 P. M., and at 7:30 P. M. for Pittsburgh. Motorists will find improved highways in practically this entire district of Pennsylvania.
